

## Chiclet and Eukey

### Chiclet and Euclid

I just saw a happy tail about Polar, the brother of the 2 little ladies we adopted in the fall of 2005, and though I should send an update and photo. We were thrilled to see the info about Polar as he was the one we "left behind"; the day we went to adopt 2 pup from Suzie Q's litter (nevermind how we ended up taking 2—it was just meant to be!). We've spent many hours talking about him and wishing we'd been able to take him too!

Chiclet and Euclid (Chicky and Eukey) are the cutest dogs of all time. Did I also mention sweet, smart and full of personality too? Their sisterly love is incredibly touching and they are as different as night and day and love to tease on another.

They have made us incredibly happy and we cannot thank hart enough for their incredible work in rescuing dogs and caring for them so well afterwards—leading to many happy stories for both the dogs and the people in the long run.

Attached are a few photos from puppyhood to present (they are lucky enough to now spend several weeks a year out on the coast and they LOVE the beach as well as our home in the mountains). You may notice they are QUITE photogenic! :) Enjoy, Lisa and Travis
