

Ginger

Ginger or Red #155 was brought into our world in May of 2006. She joined our growing family of one daughter at 5 years old, our current dog who was 1 1/2 years and a baby on the way. We chose Ginger because she was the smallest of the girls and she was the odd looking one. When we brought her home to our other dog, the two were a match instantly! It was so much fun to watch another puppy grow and learn along side an older dog, even if by a year. Tehya became Ginger's mom and companion at the same time. The two are now the best of friends. Ginger has now been with us for almost a year and we love her to bits! She's become a "country" dog, as we've moved out of the city. There is nothing better for a pair of dogs than to be able to have the space to run and play and be what they are; dogs. We give much thanks to hart for bringing us all together and for simply being able to offer the wonderful service that they do!
